

RELAX - LEARN - LEGO

Mark your calendars!

The journey has begun as robotics teams around the world strive to solve problems with our Animal Allies, and unravel the challenges of the robot game. As much as we enjoy the competition, the Lioneers' Challenge Academy is about building confidence among our teams including our coaches. Let's work together to build tomorrow's leaders. Join us on November 5th and get some practice among your peers and feedback from our judges. We will have table runs, robot design, project and core values judging areas. Even if your team doesn't seem prepared, this is a great opportunity to discuss ideas and learn from other teams. Come to learn, teach and 1,2,3,... **LEGO!**

Registration:

RSVP by October 14, 2016 via email. We need: Team Name, Team School & Location, and number attending. Cost per team is \$30. Teams registering after October 14th, will be charged an additional \$15.

Send payment to: Lewisville Middle School Robotic Team, Attn: Christine Lechzier, 3595 Lancaster Hwy, Richburg, SC 29729. Questions? Email me: coaches@lmslioneers.com or text/call 803-322-9847.

We will have a coaches meeting at 8:30 for any questions. Doors will open at 8 am. We will be selling lunch (Pizza and Hotdogs) about 12pm and snacks all day.
